

On Her Majesty's Service

WASC1228
WAI 304

Mr. Luchaven

1228

Here with photographs of A203
taken by Mr. Daniel, and
the b/w photographs from WASC
918/3.

The new photographs were taken
on 7/8/78, to be given to
Mr. J. Bell on 8-9/8/78.
Unfortunately there was a delay,
in which instance Mr. Bell
took for use the large b/w
photograph from WASC 918/3.

With hindsight, this was apparently
the best choice anyway, and
has the coded boxes of the
barge.

It is suggested that the colour
photographs will be of use for
the Director's building.
