This photograph was shown to Charlie Millwood, born 1913, entered ERDE in 1953 and retired 1977.

He said that it is a firm of contractors in RGPF in 1934 - he is number 2.

Details of the firm, now extinct, are on the back of the photograph.

Although I have reason  
to doubt the accuracy  
of the details in Ray Fisher's  
note (I recognize at least  
5 people from my earliest  
days — not 1934)

please take photo + notes  
into WASC.
