BUILDINGS - NORTH SITE

(A. E. H. L. O. S)

also AIR RAID SHELTERS etc.

EO/SA. TEO/SP.

Reference CAPITAL ACCOUNTS

BUILDINGS

Two Ledgers are now held by me, i.e. -

BUILDINGS - SOUTH SITE
BUILDINGS - NORTH SITE

(These cover all buildings, regardless of cost) and are annotated as Capital where Original Cost is £1,000 or over.

Not-in-Use and Derelict Buildings have also been annotated (this information may be subject to correction and it should be noted that the existence of some of these buildings is uncertain.)

All Buildings have been 'positioned' on a map held by me. (With the exception of A.R.S. and Observation Posts - the existence of which I have no proof)

Building Asset Cards are also held for all Capital Buildings (These will be used by Costing Section for the purpose of recording depreciation).

~~A Discontinued December 1972 per chg.
weekly list of "work authorized in connection with buildings" is being passed to me by Mr. Hewitson (as from 8th April 1972). This, of course applies only to E.R.D.E. jobs. I have asked EO/Costs to inform me of costs when jobs are complete.~~

Can I please be notified of any new buildings, additions, conversions, demolitions etc. when Contracts are placed, as well as when bills have been paid. (This applies to all buildings, big or small, Capital or otherwise.)

18th. September, 1972

T. Webb
for EO/SA.

Reference CAPITAL ACCOUNTS
(Intr. 479)

E.O./Costing.

Revised List of Buildings with relevant "Cost Schedules" for your selection.

This list includes areas and type of building etc. (where information has been available in time permitted) to enable you to compile 'Costing Records' for Non-Capital Buildings.

You will see by copy of mt. dt. 15/9/72 that Building Asset Cards are now maintained, by this Section, for all "Capital Buildings". The Cost Codes have been inserted on these from Building Cards received from you in 1971.

There are some buildings requiring split of R.B.V. to several Cost Codes. These I have a record of and will share with you later.

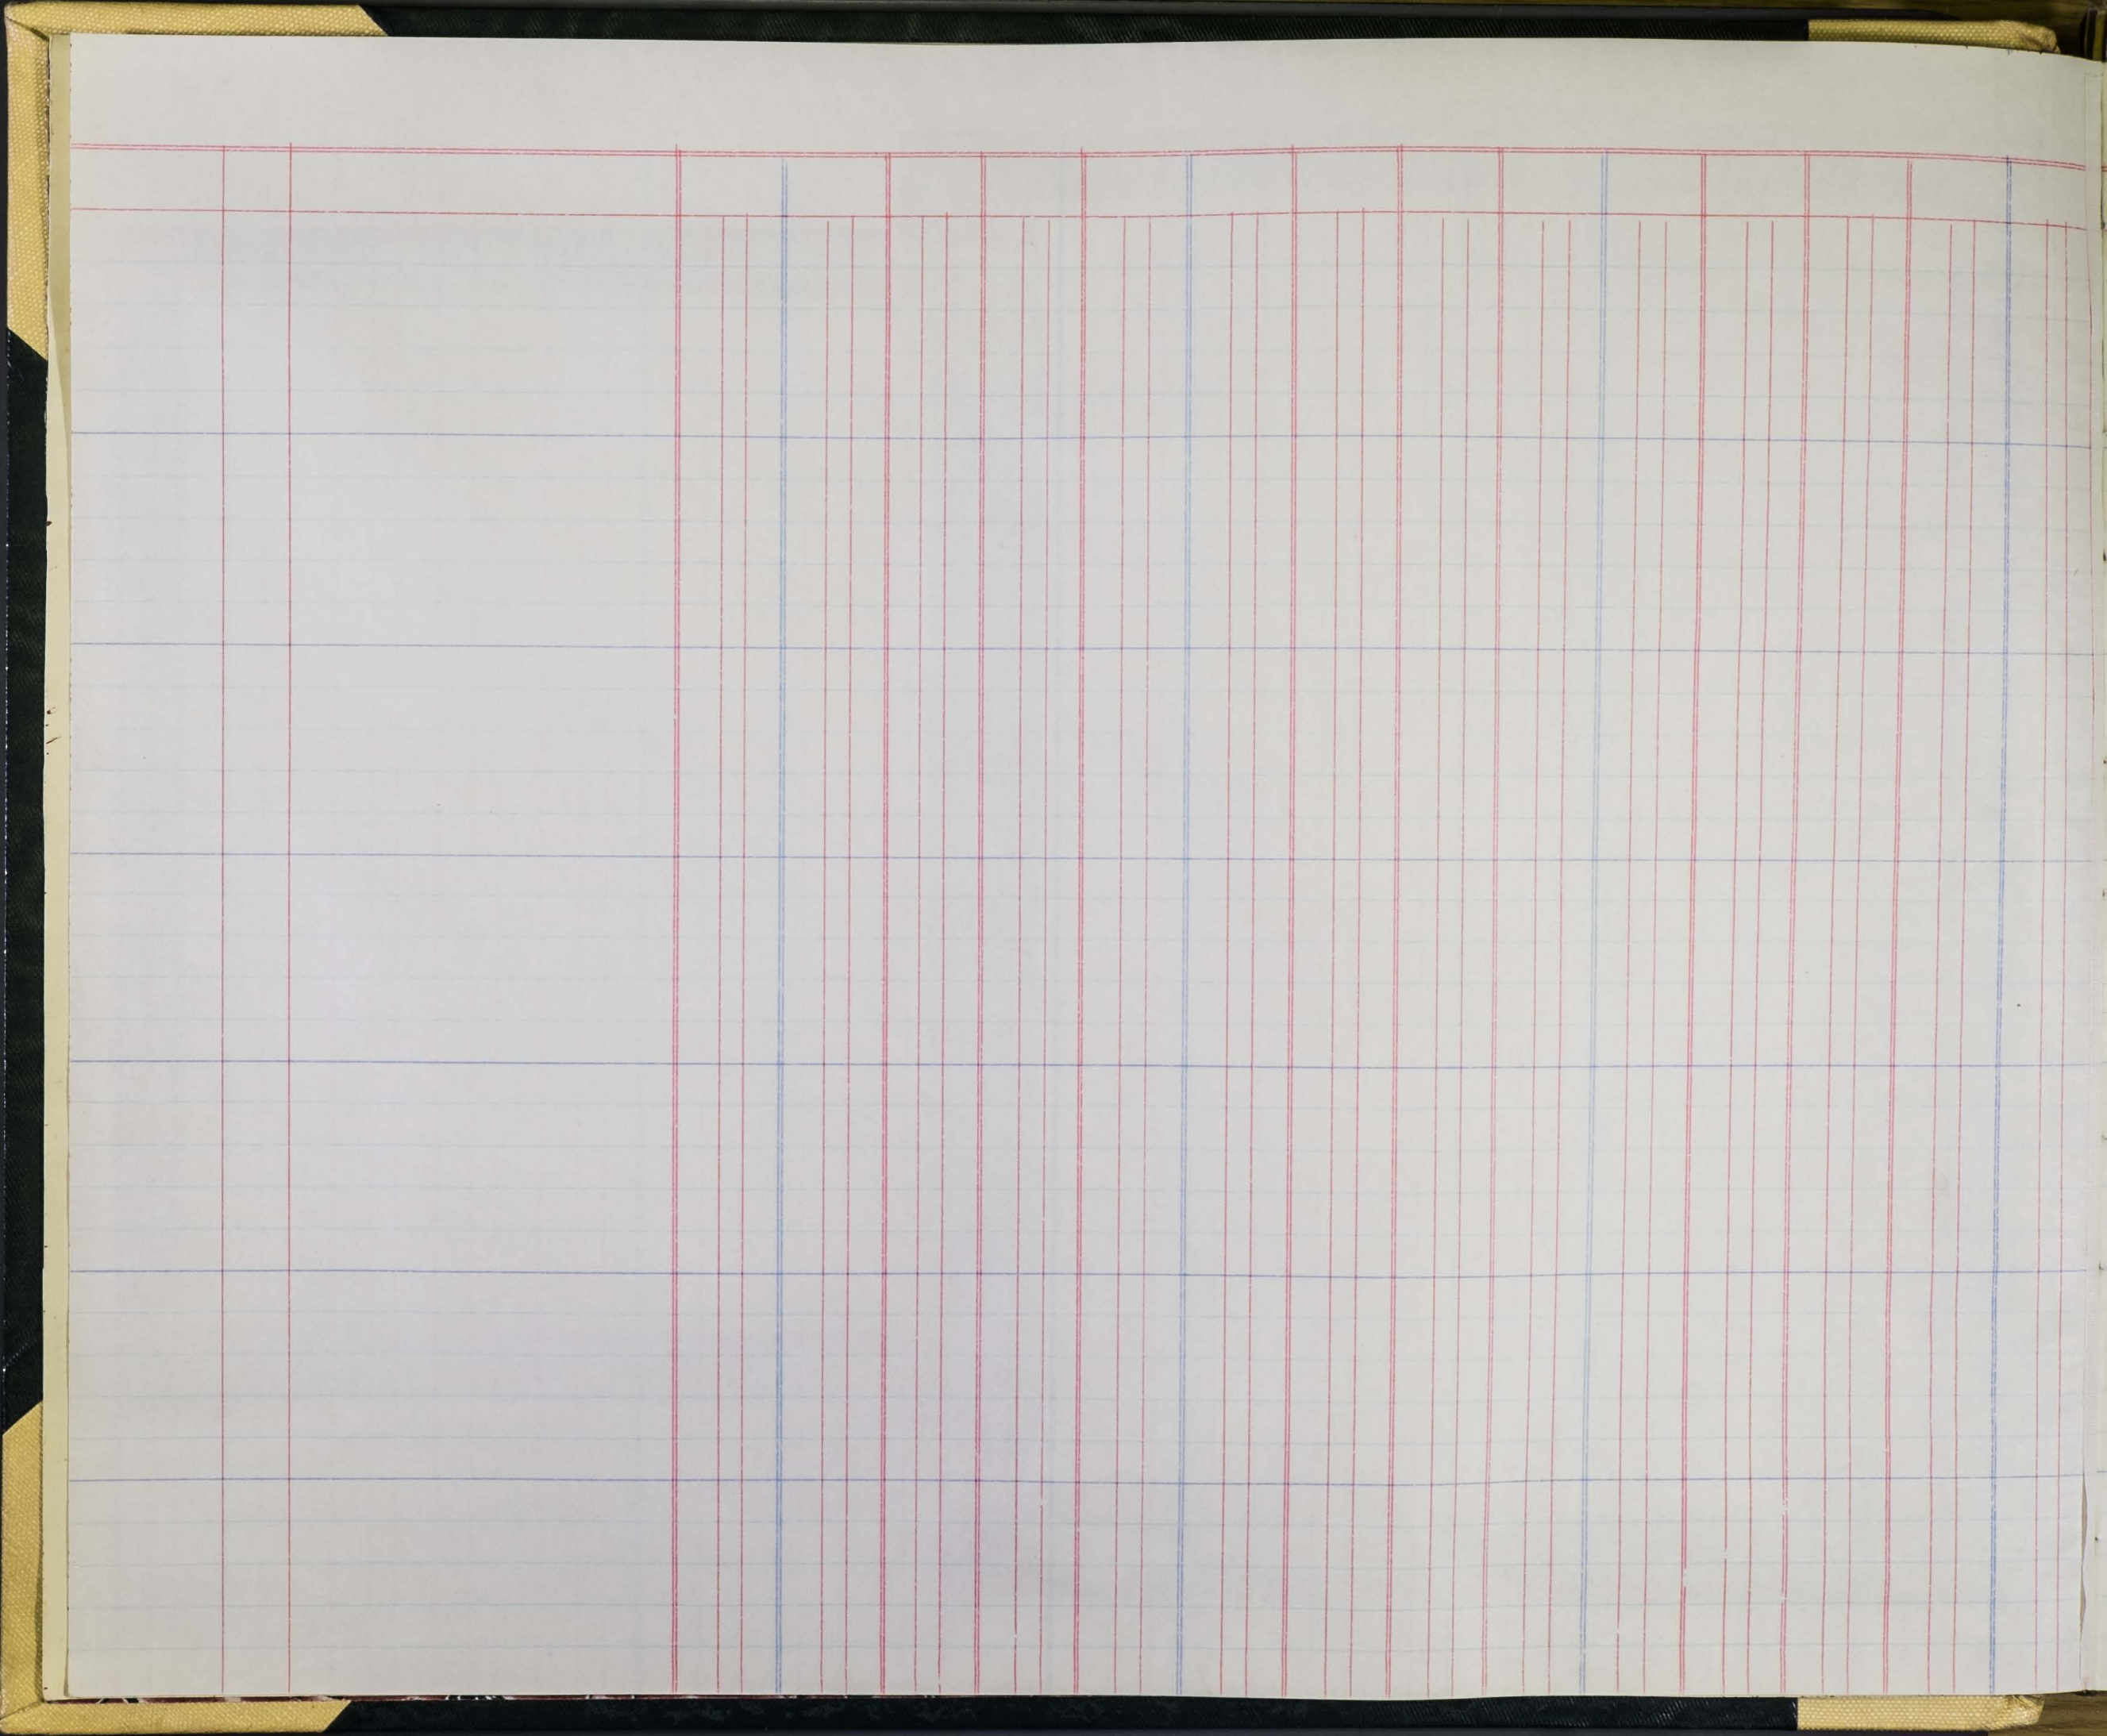

Revised R.B.V.s as at 1971/2 have also been inserted on these cards.

With regard to the weekly list of Work authorized on E.R.D.E. jobs (see mt. 15/9/72) will you please inform me when any building jobs or demolitions have been completed, with costs, which will effect the Building Records.

Also, if you know of any major alterations or demolitions etc. I shall be pleased to hear of them in my efforts to keep our records up-to-date. Thank you.

18/9/1972

T. Webb
for EO/SA.
